

LEGACY GUILD MEMBER

MEMBER INTEREST SURVEY UPDATE

Why is the Member Interest Survey important?

Thank you to everyone who completed the Member Interest Survey and especially to those who offered to lead an Interest Group. The purpose of forming Interest Groups is twofold. First, it is another step toward building community and developing friendships before we all move to Legacy, and second, to make suggestions relative to the activity/amenity spaces at Legacy.

The survey was deliberately structured around the planned amenities so that the Legacy Interest Groups can have input into those amenities. It is important to launch the Interest Groups NOW, because interest group meetings with the developers/architects/management are scheduled to take place in early August.

What are the Next Steps?

1. If you have not already done so, please complete the Member Interest Survey (see link below) by Tuesday, May 24, AND indicate if you are willing to lead a Legacy Interest Group (LIG).
2. If you previously completed the survey and now would like to lead a LIG, please respond to this email indicating which group you want to lead.
3. Next Wednesday, May 25, the LIG leaders will receive an email asking them to confirm their willingness to lead a LIG.
4. Next Friday, May 27, the LIG leaders will receive a list of all those who have responded that they are interested in participating in that LIG.
5. LIG leaders (with the support of Connie & Al Byrne) will send emails to potential group members and finalize membership in the LIG they lead.

Guidance for the LIG leaders will be forthcoming on how to utilize tools like Zoom to conduct meetings, and on the specific input Legacy Developers and Management are seeking on the amenities to guide LIG discussions.

That's it – another exciting step in shaping Legacy at Mills River into the community we all are dreaming of. If you have any questions or wish to add your name to those willing to lead a Legacy Interest Group, please respond to this email.
